OFFICE FINANCIAL POLICY

If you are covered by dental insurance we will estimate the amount of your coverage. Your estimated portion is due at the time service is rendered. When your insurance pays (typically 4-6 weeks), we will bill you for any shortfall or refund you any overpayment. There are numerous insurance companies, each of which may issue several different policies (with different benefits and reimbursement levels). **Although we will make every effort to closely estimate your benefits we cannot be responsible for a policy's failure to pay, or reimbursement levels less than estimated.**

Please understand that the ultimate responsibility for payment is yours.

If you do not have dental insurance, full payment is due at the time service is rendered, unless prior arrangements have been made with the office manager.

Our recommendations for your dental treatment are based on your needs, not your insurance coverage.

I have read and understand the financial policy of this office.
